All monies held in the fund, except as hereinafter provided, shall be used solely for the payment of bonds of the authority which are secured by any such fund, which herein shall include becoming payable at maturity or by sinking fund installment, the purchase or tender price of such bonds, the payment of interest on such bonds, or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however, that monies in a Community Hospital and Community Health Center Capital Reserve Fund shall not be withdrawn therefrom at any time in
such amount as would reduce the amount of the fund to less than the maximum amount of
principal and interest maturing or becoming due in any succeeding calendar year on outstanding
bonds which are secured by the fund, except for the purpose of paying the principal of and
interest on such bonds maturing or becoming due or for the retirement of such bonds in
accordance with the terms of the trust agreement or other document providing for the issuance of
such bonds by the authority and for the payment of which other monies pledged to secure such
bonds are not available. Any income or interest earned by, or increment to, a Community
Hospital and Community Health Center Capital Reserve Fund due to the investment thereof shall
be used by the authority for the purposes of this section.

(ii) The authority shall not issue bonds which will be secured by a Community Hospital
and Community Health Center Capital Reserve Fund at any time if the maximum amount of
principal and interest maturing or becoming due in any succeeding calendar year on such bonds
then to be issued and on all other outstanding bonds of the authority which are secured by such
fund will exceed the amount of such Community Hospital and Community Health Center Capital
Reserve Fund at the time of issuance unless the authority, at the time of issuance of such bonds,
shall deposit in such fund from the proceeds of the bonds so to be issued, or otherwise, an
amount which, together with the amount then in the fund, will be not less than the maximum
amount of principal and interest maturing or becoming due in any succeeding calendar year on
such bonds then to be issued and on all other outstanding bonds of the authority which are
secured by any such fund.

(iii) To assure the continued operation and solvency of the authority for carrying out of
the public purposes of this act, provision is made in subparagraph (i) for the accumulation in a
Community Hospital and Community Health Center Capital Reserve Fund of an amount equal to
the maximum amount of principal and interest maturing or becoming due in any succeeding
calendar year on all outstanding bonds which are secured by any such fund. In order to further
assure the maintenance of a Community Hospital and Community Health Center Capital Reserve
Fund, there shall be appropriated annually and paid to the authority for deposit in the fund such
sum, if any, as shall be certified by the executive director of the authority to the secretary of
administration and finance as necessary to restore the fund to an amount equal to the maximum
amount of principal and interest maturing or becoming due in any succeeding calendar year on
the outstanding bonds which are secured by any such fund. The executive director of the
authority shall annually, on or before December 1, make and deliver to the secretary of
administration and finance a certificate stating the amount, if any, required to restore a
Community Hospital and Community Health Center Capital Reserve Fund to the amount
aforesaid and the amount so stated, if any, shall be appropriated and paid to the authority for
deposit to such fund during the then current fiscal year of the commonwealth.

(iv) For the purposes of this paragraph, in computing the amount of a Community
Hospital and Community Health Center Capital Reserve Fund, securities in which all or a
portion of the fund are invested shall be valued at par or, if purchased at less than par, at their
cost to the authority unless otherwise provided in the resolution, trust agreement or indenture
authorizing the issuance of bonds secured by the fund.

(v) For the purposes of this paragraph, the amount of a letter of credit, insurance contract,
surety bond or similar financial instrument available to be drawn upon and applied to obligations
to which money in the Community Hospital and Community Health Center Capital Reserve
Fund may be applied shall be counted as money in the fund. For the purposes of this paragraph,
in calculating the maximum amount of interest due in the future on variable rate bonds or bonds
with respect to which the interest rate is not at the time of calculation determinable, the interest
rate shall be calculated at the maximum interest rate payable on such bonds as provided in the
trust agreement or other document providing for the issuance of such bonds by the authority.

(vi) Bonds secured by a Community Hospital and Community Health Center Capital
Reserve Fund shall be issued by the authority solely for the benefit of nonprofit community
hospitals and nonprofit community health centers licensed by the department of public health
and meeting the definition of a community health center under 114.6 CMR 13.00 as either a
community health center or a hospital licensed health center.

(vii) Notwithstanding any provision of this act to the contrary, no loan shall be made by
the authority to a nonprofit community hospital or nonprofit community health center from the
proceeds of bonds secured by a Community Hospital and Community Health Center Capital
Reserve Fund established under this paragraph unless: (a) the project to be financed by the loan
has been approved by the secretary of health and human services; and (b) the loan and the
issuance and terms of the related bonds have been approved by the secretary of administration
and finance. In connection with any loan to a nonprofit community hospital or nonprofit
community health center under this paragraph, the secretary of health and human services and
the secretary of administration and finance may enter into an agreement with the authority and
the nonprofit community hospital or nonprofit community health center to: (1) require that the
nonprofit community hospital or nonprofit community health center provide financial statements
or other information relevant to the financial condition of the nonprofit community hospital or
nonprofit community health center and its compliance with the terms of the loan; (2) require that
the nonprofit community hospital or nonprofit community health center reimburse the
commonwealth for any amounts the commonwealth transfers to the fund under subparagraph (iii)
(viii) When the authority notifies the secretary of administration and finance in writing that an institution that is the recipient of a loan of the proceeds of bonds secured by a Community Hospital and Community Health Center Capital Reserve Fund under this paragraph is in default as to the payment of principal or interest on such loan, the secretary of administration and finance shall direct the comptroller to withhold any funds in the comptroller's custody that are due or payable to the institution until the amount of the principal and interest due or anticipated to be due has been paid to the authority or the trustee for the bondholders. Funds subject to withholding under this subparagraph shall include, but not be limited to, federal and state grants, contracts, allocations and appropriations.

(ix) If the authority further notifies the secretary of administration and finance in writing that no other arrangements are satisfactory, the secretary shall direct the comptroller to make available to the authority without further appropriation any funds withheld from the institution under subparagraph (viii). The authority shall apply the funds to the amounts due from the institution, including payments required to be made to the authority or trustee for any bondholders of debt service on any loan of the proceeds of bonds issued by the authority for the institution, or payments required to replenish the Community Hospital and Community Health Center Capital Reserve Fund or otherwise required by the terms of the loan or any other law or contract governing the loan or the bonds issued on behalf of the institution upon failure or
default, or upon reasonable expectation of failure or default, of the institution to pay the principal
or interest on its loan when due.

(x) The secretary of administration and finance may notify any other agency, department
or authority of state government that exercises regulatory, supervisory or statutory control over
the operations of the institution. Upon notification, the agency, department or authority shall
immediately undertake reviews to determine what action, if any, that agency, department or
authority should undertake to assist in the payment by the institution of the money due or the
steps that the agencies of the commonwealth, other than the comptroller or the authority, should
take to assure the continued prudent operation of the institution or provision of services to the
people served by the institution.

(xi) Notwithstanding any general or special law to the contrary, in the event that a
nonprofit community hospital or nonprofit community health center fails to reimburse the
commonwealth for any transfers made by the commonwealth to the authority to replenish the
Community Hospital and Community Health Center Capital Reserve Fund under subparagraph
(iii) within 6 months after any such transfer and as otherwise provided under the terms of the
agreement among the nonprofit community hospital or nonprofit community health center, the
authority and the commonwealth authorized under subparagraph (vii), the secretary of
administration and finance may, in the secretary's sole discretion, direct the comptroller to
withhold any funds in the comptroller's custody that are due or payable to the nonprofit
community hospital or nonprofit community health center to cover all or a portion of the amount
the nonprofit community hospital or nonprofit community health center has failed to pay to the
