DELAWARE STATE SENATE
148th GENERAL ASSEMBLY

SENATE BILL NO. 68

AN ACT TO AMEND TITLE 6 OF THE DELAWARE CODE RELATING TO ONLINE PRIVACY AND
PROTECTION.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Title 6 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

Chapter 12C. Online and Personal Privacy Protection.

§ 1201C. Short title.

This chapter shall be known and may be cited as the “Delaware Online Privacy and Protection Act.”

§ 1202C. Definitions.

For purposes of this chapter, the following definitions shall apply:

(1) “Advertising service” means a person who provides, creates, plans, or handles marketing or advertising for another person.

(2) “Book” means paginated or similarly organized content in digital, electronic, printed, audio, or other format, including fiction, nonfiction, academic, or other works of the type normally published in a volume or finite number of volumes, excluding serial publications such as a magazine or newspaper.

(3) “Book service” means a service by which an entity, as its primary purpose, provides individuals with the ability to rent, purchase, borrow, browse, or view books electronically or via the Internet.

(4) “Book service information” means all of the following:

- a. A user’s personally identifiable information.
- b. A unique identifier or Internet Protocol address, when that identifier or address is used to identify, relate to, describe, or be associated with a particular user or book, in whole or in partial form.
- c. Any information that relates to, or is capable of being associated with, a particular user’s access to or use of a book service or a book, in whole or in partial form.

(5) “Book service provider” means any commercial entity offering a book service to the public, except that a commercial entity that sells a variety of consumer products is not a book service provider if its book service sales do not

exceed 2 percent of the entity's total annual gross sales of consumer products sold in the United States.

(6) "Child" or "children" means one or more individuals who are under the age of 18 and residents of the State.

(7) "Conspicuously available" means, with respect to a privacy policy required by § 1205C of this chapter, to make the privacy policy available to an individual via the Internet by any of the following means:

a. A webpage on which the actual privacy policy is posted if the webpage is the homepage or first significant page after entering the website.

b. An icon that hyperlinks to a webpage on which the actual privacy policy is posted, if the icon is located on the homepage or the first significant page after entering the website, and if the icon contains the word "privacy." The icon shall also use a color that contrasts with the background color of the webpage or is otherwise distinguishable.

c. A text link that hyperlinks to a webpage on which the actual privacy policy is posted, if the text link is located on the homepage or first significant page after entering the website, and if the text link includes the word "privacy," is written in capital letters equal to or greater in size than the surrounding text, or is written in larger type than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same size, or set off from the surrounding text of the same size by symbols or other marks that call attention to the language.

d. Any other functional hyperlink that is so displayed that a reasonable individual would notice it.

e. With respect to an Internet service that is not a website, any other reasonably accessible and visible means of making the privacy policy available for users of the Internet service.

(8) "Content" means information of any kind, including but not limited to text, images, audio, and video.

(9) "Geolocation data" means information that is, in whole or part, generated by, derived from, or obtained by the operation of an electronic device that can be used to identify the past, present, or future location of an electronic device, an individual, or both.

(10) "Governmental entity" means any entity or instrumentality of the State, or any political subdivision of the State, including but not limited to a law enforcement entity or any agency, authority, board, bureau, commission, department, or division, or any individual acting or purporting to act on behalf of any such agency, authority, board, bureau, commission, department, or division.

(11) "Internet" means, collectively, the myriad of computer and telecommunications facilities, including equipment and operating software, which comprise the interconnected world-wide network of networks that employ the Transmission Control Protocol/Internet Protocol, or any predecessor or successor protocols to such protocol, to communicate information of all kinds by wire, radio, or other methods of transmission.

(12) "Internet service" means any service, system, website, application, or program, or portion thereof, which accesses the Internet or provides a user with access to the Internet.

(13) "Internet service directed to children" means any Internet service that is targeted or intended to reach an

audience that is composed predominantly of children. An Internet service shall not be deemed directed to children solely because it refers or links to another Internet service directed to children by using information location tools, including a directory, index, reference, pointer, or hypertext link. In determining whether an Internet service is directed to children, the subject matter, visual or audio content, age of models, language or other characteristics of the Internet service are relevant, as well as whether advertising promoting or appearing on the Internet service is directed to children, together with any competent and reliable empirical evidence regarding audience composition and intended audience of the Internet service.

(14) “Law enforcement entity” means any government agency or any subunit thereof which performs the administration of criminal justice pursuant to statute or executive order, and which allocates a substantial part of its annual budget to the administration of criminal justice, including but not limited to the Delaware State Police, all law-enforcement agencies and police departments of any political subdivision of this State, the Department of Correction, and the Department of Justice.

(15) “Market or advertise” or “marketing or advertising” means making a communication or arranging for a communication to be made, in exchange for compensation, about a product or service the primary purpose of which is to encourage recipients of the communication to purchase or use the product or service.

(16) “Online contact information” means an e-mail address or any other substantially similar identifier that permits direct contact with an individual online, including but not limited to an instant messaging user identifier, a voice over internet protocol (VOIP) identifier, or a video chat user identifier.

(17) “Operator” means a person who owns or operates an Internet service.

(18) “Personally identifiable information” means any information about an individual that, individually or in combination with other information, can be used to distinguish or trace the identity of the individual, including the individual’s name (in whole or in part), signature, physical characteristics or description, residential, school, or other physical address, telephone number, online contact information, social security number, passport number, driver’s license number, state identification card number, alien registration number, insurance policy number, education history, employment history, bank account number, credit card number, debit card number, or any other financial information, geolocation data, DNA or other genetic material, medical information, or health insurance information, except that it does not include information that is publicly available that is lawfully made available to the general public from federal, state, or local government records.

(19) “Post” means to communicate, transmit, or otherwise make available to any other person via the Internet.

(20) “User” means an individual that uses an Internet service or a book service.

§ 1203C. Enforcement.

The Consumer Protection Unit of the Department of Justice has enforcement authority over this chapter and may investigate and prosecute violations of this chapter in accordance with the provisions of Subchapter II of Chapter 25 of Title

§ 1204C. Prohibitions on online marketing or advertising to a child.

(a) An operator of an Internet service directed to children may not market or advertise a product or service described in subsection (f) of this section on its Internet service.

(b) An operator of an Internet service who has actual knowledge that a child is using its Internet service may not market or advertise a product or service described in subsection (f) of this section to that child, if the marketing or advertising is directed to the child based upon the child's personally identifiable information. The operator shall be deemed to be in compliance with this subsection if the operator takes reasonable actions in good faith designed to avoid marketing or advertising a product or service described in subsection (f) of this section.

(c) An operator of an Internet service directed to children or an operator of an Internet service who has actual knowledge that a child is using its Internet service shall not knowingly use, disclose, or compile, or allow another person to use, disclose, or compile, directly or indirectly, the child's personally identifiable information if that person has actual knowledge that the child's personally identifiable information will be used for the purpose of marketing or advertising to the child a product or service described in subsection (f) of this section.

(d) An operator of an Internet service directed to children, in which marketing or advertising is provided by an advertising service, shall notify the advertising service, in a manner directed by the advertising service, that the Internet service is directed to children.

(e) An advertising service which provides marketing or advertising for an Internet service directed to children, and which has received the notice required by subsection (d) of this section, may not market or advertise on the Internet service a product or service described in subsection (f) of this section.

(f) The marketing or advertising prohibitions described in this section shall apply to the following products or services:

(1) Alcoholic liquor as defined in § 101 of Title 4.

(2) Tobacco products, smokeless tobacco products, or moist snuff as defined in § 5301 of Title 30.

(3) Tobacco substitutes as defined in § 1115 of Title 11.

(4) Firearm as defined in § 222 of Title 11, ammunition for a firearm, or BB guns.

(5) Firearm training course as referenced in § 1441 of Title 11.

(6) Electronic control devices as defined in § 222 of Title 11.

(7) Fireworks as defined in § 6901 of Title 16.

(8) Tanning equipment or device or tanning facility as defined in § 3002D of Title 16.

(9) Dietary supplement products containing ephedrine group alkaloids.

(10) Lottery, Internet lottery, Internet table games, Internet ticket games, Internet video lottery, sports lottery, table game, video lottery, or video lottery facility as defined in § 4803 of Title 29.

(11) Salvia divinorum or Salvinorin A, or any substance or material containing Salvia divinorum or Salvinorin A as referenced in § 4714 of Title 16.

(12) Body-piercing as defined in § 1114 of Title 11.

(13) Branding as defined in § 1114 of Title 11.

(14) Tattoos as defined in § 1114 of Title 11.

(15) Drug paraphernalia as defined in § 4701 of Title 16.

(16) Tongue-splitting as defined in § 1114A of Title 11.

(17) Sexually-oriented material as defined in § 1602 of Title 24.

(g) This section shall not be construed to require an operator of an Internet service to collect age information about users.

§ 1205C. Posting of privacy policy by commercial Internet service operators

(a) An operator of a commercial Internet service that collects personally identifiable information through the Internet about users residing in Delaware who use or visit the operator's commercial Internet service shall make its privacy policy conspicuously available on its Internet service. An operator shall be in violation of this subsection only if the operator fails to make its privacy policy conspicuously available within 30 days after being notified of noncompliance.

(b) The privacy policy required by subsection (a) of this section shall do all of the following:

(1) Identify the categories of personally identifiable information that the operator collects through the Internet service about users of its commercial Internet service and the categories of third-party persons with whom the operator may share that personally identifiable information.

(2) If the operator maintains a process for a user of the Internet service to review and request changes to any of that user's personally identifiable information that is collected through the Internet service, provide a description of that process.

(3) Describe the process by which the operator notifies users of its commercial Internet service of material changes to the operator's privacy policy for that Internet service.

(4) Identify the effective date of the privacy policy.

(5) Disclose how the operator responds to web browser "do not track" signals or other mechanisms that provide users the ability to exercise choice regarding the collection of personally identifiable information about a user's online activities over time and across third-party Internet services, if the operator engages in that collection.

(6) Disclose whether other parties may collect personally identifiable information about a user's online activities over time and across different Internet services when a user uses the operator's Internet service.

(7) An operator may satisfy the requirement of paragraph (5) by providing a clear and conspicuous hyperlink in the operator's privacy policy to an online location containing a description, including the effects, of any program or protocol the operator follows that offers the user that choice.

(c) An operator of a commercial Internet service that collects personally identifiable information through the Internet service from users of its Internet service who reside in Delaware shall be in violation of this section if the operator fails to comply with the provisions of this section or with the provisions of the operator's posted privacy policy either (i) knowingly and willfully or (ii) negligently and materially.

§ 1206C. Privacy of information regarding book service users.

(a) A book service provider shall not knowingly disclose, or be compelled to disclose, any book service information about a user to any person, except under any of the following circumstances:

(1) A book service provider may disclose a user's book service information to a law enforcement entity pursuant to any lawful method or process by which a law enforcement entity is permitted to obtain such information.

(2) A book service provider may disclose a user's book service information to a governmental entity other than a law enforcement entity only pursuant to either (i) a court order issued by a duly authorized court with jurisdiction over a matter that is under investigation by the governmental entity or (ii) a court order in a pending action brought by or against the government entity, and in either situation only if all of the following conditions are met:

a. Prior to issuance of the court order, the governmental entity seeking disclosure gives timely, reasonable, written notice of the proceeding to the book service provider to allow the book service provider the opportunity to appear and contest the issuance of the court order.

b. The book service provider refrains from disclosing a user's book service information pursuant to the court order until it gives timely, reasonable, written notice of the proceeding to the user about the issuance of the order and the ability to appear and quash the order, and the user has been given a minimum of 35 days prior to disclosure of the information within which to appear and quash the order.

(3) A book service provider may disclose a user's book service information to any person who is not a governmental entity only pursuant to a court order in a pending action brought by or against the person, and only if all of the following conditions are met:

a. The court issuing the order finds that the person seeking disclosure has a compelling interest in obtaining the book service information sought.

b. The court issuing the order finds that the book service information sought cannot be obtained by the person seeking disclosure through less intrusive means.

c. Prior to issuance of the court order, the person seeking disclosure provides, in a timely manner, the book service provider with reasonable notice of the proceeding to allow the book service provider the opportunity to appear and contest the issuance of the court order.

d. The book service provider refrains from disclosing a user's book service information pursuant to the court order until it provides, in a timely manner, notice to the user about the issuance of the order and the ability to appear and quash the order, and the user has been given a minimum of 35 days prior to disclosure of the information within

which to appear and quash the order.

(4) A book service provider may disclose a user's book service information to a person if the user has given informed, affirmative consent in writing to the specific disclosure to the specific person for a particular purpose.

(5) A book service provider may disclose a user's book service information to a law enforcement entity if the law enforcement entity asserts, orally or in writing, that there is an imminent danger of death or serious physical injury requiring the immediate disclosure of the requested user's book service information and there is insufficient time to obtain a court order. Where the user's book service information was sought pursuant to this subsection by a law enforcement entity in a criminal matter, the relevant law enforcement entity shall apply for a search warrant within 48 hours. In the event such application for approval is denied or such an application is not made, the contents search shall be treated as having been obtained in violation of this subchapter. Where the law enforcement entity provided the book service provider only with an oral assertion, the law enforcement entity seeking the disclosure shall provide the book service provider with a written statement setting forth the facts giving rise to the imminent danger of death or serious physical injury no later than 48 hours after seeking disclosure.

(6) A book service provider may disclose a user's book service information to a law enforcement entity if the book service provider in good faith believes that the book service information is evidence directly related and relevant to a crime against the book service provider or that user.

(b) A court issuing an order requiring the disclosure of a user's book service information may, in its discretion:

(1) Impose appropriate safeguards against the unauthorized disclosure of book service information by the book service provider and by the person seeking disclosure pursuant to the order.

(2) Modify or rescind a court order in a civil proceeding requiring the disclosure of a user's book service information upon a motion made by the user, the book service provider, or the person seeking disclosure.

(c) A book service provider, upon the written request of a law enforcement entity, shall take all necessary steps to preserve records and other evidence in the book service provider's possession of a user's book service information related to the use of a book or part of a book, pending receipt of a request or demand for such information pursuant to subsection (a) of this section. The book service provider shall retain the records and evidence for a period of 90 days from the date of the request by the law enforcement entity, which shall be extended for an additional 90-day period upon a renewed written request by the law enforcement entity.

(d) Violations.

(1) Reasonable reliance by a book service provider on a warrant or court order for the disclosure of a user's book service information, or on any of the enumerated exceptions to the confidentiality of a user's book service information set forth in this section, is a complete defense to any action for a violation of this section.

(2) Except in an action for a violation of this section, no evidence obtained in violation of this section shall be admissible in any civil or administrative proceeding.

(e) Reporting requirements.

(1) Unless disclosure of information pertaining to a particular request or set of requests is specifically prohibited by law, a book service provider shall prepare a report including all of the following information, to the extent it can be reasonably determined:

a. The number of federal and state warrants, federal and state grand jury subpoenas, federal and state civil and administrative subpoenas, and federal and state civil and criminal court orders, seeking disclosure of any book service information of a user related to the access or use of a book service or book, received by the book service provider from January 1 to December 31, inclusive, of the previous year.

b. The number of requests for information made with the informed consent of the user as described in paragraph (4) of subsection (a) of this section, seeking disclosure of any book service information of a user related to the access or use of a book service or book, received by the book service provider from January 1 to December 31, inclusive, of the previous year.

c. The number of disclosures made by the book service provider pursuant to paragraphs (5) and (6) of subsection (a) of this section from January 1 to December 31, inclusive, of the previous year.

d. For each category of demand or disclosure, the book service provider shall include all of the following information:

1. The number of times notice of a court order in a criminal, civil, or administrative action has been provided by the book service provider and the date the notice was provided.

2. The number of times book service information has been disclosed by the book service provider.

3. The number of times no book service information has been disclosed by the book service provider.

4. The number of times the book service provider contested the demand.

5. The number of times the user contested the demand.

6. The number of users whose book service information was disclosed by the book service provider.

7. The type of book service information that was disclosed and the number of times that type of book service information was disclosed.

(2) Notwithstanding paragraph (1) of this subsection, a book service provider is not required to prepare a report pursuant to this section unless it has disclosed book service information related to the access or use of a book service or book of more than 30 total users consisting of users located in this State or users whose location is unknown and cannot be determined or of both types of users.

(3) The reporting requirements of this subsection shall not apply to information disclosed to a governmental entity that is made by a book service provider serving a postsecondary educational institution when the book service provider is required to disclose the information in order to be reimbursed for the sale or rental of a book that was purchased or rented by a student using book vouchers or other financial aid subsidies for books.

(4) A report prepared pursuant to this subsection shall be made publicly available in an online, searchable format on the book service provider's website or before March 31 of each year. If the book service provider does not have a website, the book service provider shall post the report prominently on its premises or send the report in both paper and electronic format to the Consumer Protection Unit of the Department of Justice on or before March 31 of each year.

(5) On or before March 1 of each year, a book service provider subject to § 1205C of this chapter shall complete one of the following actions:

a. Create a prominent hyperlink to its latest report prepared pursuant to paragraph (1) of this subsection in the disclosure section of its privacy policy applicable to its book service.

b. Post the report prepared pursuant to paragraph (1) of this subsection of its website explaining the way in which a user's book service information and privacy issues related to its book service are addressed.

c. State on its website in one of the areas described in paragraphs a. and b. of this paragraph (e)(5) that no report prepared pursuant to this subsection is available because the book service provider is exempt from the reporting requirement pursuant to paragraph (2) of this subsection.

(f) Nothing in this section shall otherwise affect the rights of any person under the Delaware Constitution of 1897 or be construed as conflicting with the federal Privacy Protection Act of 1980 (42 U.S.C. § 2000aa et seq.).

Section 2. This Act becomes effective January 1 following its enactment into law.

Section 3. If any provision of this Act or the application thereof to any person or circumstances is held invalid, the invalidity does not affect any other provision or application of the Act which can be given effect without the invalid provision or application; and, to that end, the provisions of this Act are declared to be severable.

-

SYNOPSIS

This bill creates the Delaware Online Privacy and Protection Act, which expands the legal protections available under Delaware law to individuals, in particular children, relating to their online and digital activities.

First, the bill prohibits the operator of an Internet service directed to children from marketing or advertising on its Internet service certain products or services deemed harmful to children. When the marketing or advertising on an Internet service directed to children is provided by an advertising service, the operator of the Internet service is required to provide notice to the advertising service, after which time the prohibition on marketing and advertising the specified products or services applies to the advertising service directly. The bill also prohibits an operator of an Internet service who has actual knowledge that a child is using the Internet service from using the child's personally identifiable information to market or advertise the specified products or services to the child, and also prohibits such an operator from disclosing a child's personally identifiable information if that operator has actual knowledge that the child's personally identifiable information will be used for the purpose of marketing or advertising a specified product or service to the child.

Second, the bill requires the operator of an Internet service to make its privacy policy conspicuously available on its Internet service if the Internet service collects personally identifiable information from Delaware residents for commercial purposes, and it requires the operator to comply with that privacy policy. The bill, among other things, requires that the privacy policy identify the categories of personally identifiable information that the operator collects about individual consumers who use or visit its Internet service and third parties with whom the operator may share the information.

Third, this bill protects the personal information of users of digital book services and technologies by prohibiting a commercial entity which provides a book service to the public from disclosing personal information regarding users of the book service to law enforcement entities, governmental entities, or other persons, except under specified circumstances. Among other things, the bill allows immediate disclosure of a user's book service information to law enforcement entities when there is an imminent danger of death or serious physical injury requiring disclosure of the book service information, and requires a book service provider to preserve a user's book service information for a specified period of time when requested to do so by a law enforcement entity. The bill also requires a book service provider to prepare and post online an annual report on its disclosures of personal information, unless exempted from doing so.

The bill gives the Consumer Protection Unit of the Department of Justice the authority to investigate and prosecute violations of the acts.

This bill becomes effective January 1 following its enactment into law.

Author: Senator Blevins
